

Classic Satin 165 165SSL

Satin Lightblock Roll-Up Polyester Film

Applications

- Roller banner displays

Benefits

- Budget roll-up material - grey back, 98% opacity
- Tough satin white front polyester surface
- No need to laminate for short term displays
- Stiff, perfect flatness

Post Printing Information for Latex & Solvent Inks:

As with all filmic media, this product must be allowed to “gas-out” after printing.

This can be achieved by leaving the prints face up, ideally 24 hours, to set and harden the unique scratch resistant properties.

If unable to do this e.g. with a long print run, after printing the roll stand it vertically and loosely unwind as much as possible, to allow air in and gases out.

Recommended Conditions:

Printroom	15°C - 30°C	30% - 65% RH
Usage	-40°C - 80°C	10% - 90% RH
Storage	10°C - 20°C	20% - 50% RH
