

# FloorShark

Why choose KernowJet FloorShark® for your indoor floors?

Certified for  
HP Latex Inks

**Tip:**  
Multiple panels  
can be perfectly  
aligned with  
butt joints

Prints very easily on all  
standard Wide-Format printers

Tough and tear-resistant  
No lamination required  
PVC free

Multiple panels will align perfectly,  
no distortion and no shrinkage even over time

KernowJet FloorShark is a unique floor graphics solution for indoor applications. It is perfect for retail stores, supermarkets & shopping centers, airports, travel hubs, convention centers, ideal for all smooth hard floors from concrete to tiling also including low pile carpets tiles. Its unique sharkskin coating absorbs the inks and dries to a hard slip-resistant surface. The coating offers a high R10-certified slip resistance and eliminates the need to laminate.

The floor graphics film is PVC-free and strongly tear-resistant, it will withstand everything from pallet trucks to stiletto heels. With its specifically developed adhesive, it is easy to apply and to reposition while applying - it will definitely not stretch or become distorted. KernowJet FloorShark offers an excellent removability; it is ideal for smaller designs like stickers as well as covering of bigger surfaces made of multiple film strips. With zero shrinkage- avoiding the risk of a rim of dirty adhesive forming around the print once applied. FloorShark can be applied with either a butt joint or with an overlapping technique.

Code	Product Name	Thickness mils (microns)	Width inches	Length feet	Adhesive after 24 hrs	Printability
170TFG	FloorShark®	Face 6.7 (170µ) Total 13.0 (330µ)	54" 60"	100'	Removable 11N/25mm	  

**Tip:**  
 Avoid overly complicated shapes, always cut the edges round to prevent edge lifting

**Tip:**  
 Also Ideal as a PVC-free, textured, scratch-resistant wallcovering film. No stretching or distortion
