Roll-Ups

As roll-up displays have slowly become commoditized, Kernow has developed the **Supreme range**, offering a cost-effective solution with all the important features and benefits of a high-quality media.

Supreme combines the stability and flatness of polyester with easy printability and fast-drying with all standard Solvent, UV and Latex inks. The films have an anti-static coating, a good scratch-resistance and a low reflection finish.

The Supreme range will cover the vast majority of needs for roll-up, pop-up and hanging banners; offering the best price-to-quality ratio on the market.

Code	Product Name	Thickness mils (microns)	Width inches				Length feet	Printability
			36"	42"	50"	60"		
225STVL	Supreme 225	8.9 (225µ)	●					
300STVL	Supreme 300	12.2 (310µ)	●	●	●	●		Latex / UV / Solvent / Certified for HP Latex Inks
180STL	Ultimate 180	7.1 (180µ)	●	●	●		100'	
230STL	Ultimate 230	9.1 (230µ)	●		●	●		
165SML	Classic Matte 165	6.5 (165µ)	●	●	●			Latex / UV / Solvent

Pop-Ups

The **Ultimate range** remains the benchmark product for pop-up and roll-up display films. Originally called STL, these 100% PVC-free substrates were and are still the best products with a scratch-resistant textured finish.

The unique coating absorbs inks and then hardens, effectively becoming a self-laminating product. This enables flatter displays without lamination-induced curl. Combining all the best features, it is the ultimate solution for a variety of display applications.

Code	Product Name	Thickness mils (microns)	Width inches			Length feet	Printability
			36"	42"	50"		
500STVL	Supreme 500	19.5 (495µ)	●	●	●		Latex / UV / Solvent / Certified for HP Latex Inks
385STL	Ultimate 385	15.2 (385µ)	●		●	100'	
290SML	Classic Matte 290	11.4 (290µ)	●		●		Latex / UV / Solvent

KernowJet Supreme

Scratch-resistant
No lamination required

Anti-static
No static while printing
No dust getting attracted
No slipping in the printer

High-opacity
backing

Textured surface
Optimised for a low
reflectivity surface

Polyester composite
provides:
Flatness / Stiffness
Fast-drying
Easy printability

KernowJet Ultimate

Scratch and water-resistant

Textured, anti-reflective,
bright white front surface

Anti Static treatment
No static while printing
No dust getting attracted
No slipping in the
printer to ensure perfect
alignment of panels

Very high 98%
opacity grey back

Strong and perfect
flatness for stability
