KERNOW NORTH AMERICA

KERNOWPRINT®
DRY TONER

Why choose KernowPrint FloorSharK®?

FloorSharK® is the only dry toner floor graphic rigorously tested and certified for slip resistance with a unique sharkskin coating. It's perfect for indoor environments, and can be applied to all smooth and hard floors, including low pile carpet tiles. Unlike other floor graphics, FloorSharK® doesn't shrink and there's no risk of the edge peeling or gumming up. Better yet, it's easy to remove – all in one piece and no residue.
